

# Limited Warranty

## Acceptable Tolerances

- Door size  $\pm 0.03''$
- Panel movement across grain:  $\pm 0.375''$
- Frame movement:  $\pm 0.03''$  (Up to 3" Stile and Rail)
- Three piece drawer front movement:  $\pm 0.06''$  (includes door rails > 3")
- Warping across corners:  $\leq 0.125''$
- Bowing of frame:  $\leq 0.06''$
- Mitered joint movement:  $\leq 0.02''$

**Classic Woodcraft** will automatically add a center rail to oversize doors (> 50" high and/or > 25" wide) when possible.

Oversize doors specified without center rail or any oversize mitered doors have no warranty.

Standard frame width is 2.25". Doors with frame width specified > 3" stiles, and/or 4" rails have no warranty.

**Classic Woodcraft** will replace any product found defective due to poor workmanship. Value added to our product (finishing, freight etc) is not covered.

Any component damaged as a result of improper handling or finishing, alteration, storage, or use in a non-controlled environment has no warranty.

Solid components without a frame > 7" across the grain have no warranty. This also applies to three-piece drawer fronts.

A joint showing when solid color finish is used has no warranty.
